WHEATHALL REGION JOURNAL

Version 2.1

This document describes the village of Wheathall and the surrounding region. A region is an area of the Myth world where heroes experience adventures. Each region comes with a detailed setup e.g. regarding what items can be found, what merchants can be encountered and how the Darkness Influence can be reduced by the heroes.

NEEDED OFFICIAL COMPONENTS

In order to play the Wheathall region you need the following official components:

MYTH BASE GAME

- The Myth Base game. In particular you will need:

ADDITIONAL GAME MATERIAL

- ◆ At least one Agent miniature and corresponding cards, e.g. from the *Agents of Darkness* expansion.

WHEATHALL VILLAGE

The small village of Wheathall is located between Riverfalls and Fallen Guard. The once fertile lands allowed the town to prosper and grow - until the Darkness slowly tainted the land. This lead to a decline in the local population and today quite a few buildings are vacant. The once thriving local market has not seen any traders in a long time but at least the local tavern, The Leaking Keg, is still open. As you talk to the locals you notice that they are quite nervous. As it turns out two weeks ago a messenger from Riverfalls came, asking for help. According to the messenger it seems that some thieves stole a holy relic, and the town has been under attack ever since. The Wheathall Elder decided to send several men to help Riverfalls, but nobody has heard anything from them in two weeks. Maybe someone should go and investigate what's going on in Riverfalls?

REGION MAP

DARKNESS INFLUENCE

The Darkness Influence Tracker is used to measure how active the Darkness is in the Wheathall region. The tracker starts at 9 and any heroic deeds the heroes accomplish (completing quests, finishing module acts ...) will push the Darkness' influence back. Heroes will gain special rewards when they push the Darkness back or unlock new quests or merchants. However, the Darkness may also fight back and try to overpower the heroes...

NOTE: Do not forget to take the Darkness upgrades into account that are already "unlocked" when starting to play in this region.

From now on, whenever a mutated **Captain** is encountered, draw and assign 1 captain mutation card. Then, roll 2 **FD**. If a **Q** is rolled, draw and assign an additional captain mutation card.

VILLAGE ACTIONS

These are the actions heroes can take when they are in the Wheathall village. Note that based on the Darkness Influence some actions may not be available. Don't forget that you have to rest between each Quest / Module Act.

MODULE

This section describes rules for the associated module of this region. To achieve a continuous hero progression we need to make small changes to the modules, especially regarding any rewards that you might get.

MODULE: THE STONE OF LIFE

Please apply the following changes when playing the Stone of Life module during a Lands of Myth campaign.

Act 1

Tile 2

- ◆ Instead of drawing a green item card, draw from the *White Reward Deck*.

Tile 3

- ◆ The Stalker is mutated: draw mutation cards based on Darkness Influence.

Special

- ◆ Ignore the special rules.

Rewards

- ◆ Heroes gain 2 Serendipity.
- ◆ Reduce the Darkness Influence by 1.
- ◆ Do not rest between Act 1 and Act 2 and don't travel back to Wheathall village. Heroes will regain full health after Act 1.

Act 2

Tile 1

- ◆ As there's no treasure bag no blue token is put into it. Draw a single item (not per hero) from the *White Reward Deck instead*.
- ◆ One of the Stalkers is mutated: draw mutation cards based on Darkness Influence.

Tile 2

- ◆ Yellow, Blue, Red Rune: Draw from the *White Reward Deck* instead.

Rewards

- ◆ Reduce the Darkness Influence by 2.
- ◆ Do not rest between Act 2 and Act 3 and don't travel back to Wheathall village. Heroes will regain full health after Act 2.

Act 3

Tile 1

- ◆ Instead of gaining Kiara's Tear draw from the *White Reward Deck*.
- ◆ The Stalker and lair are mutated: draw mutation cards based on Darkness Influence.

Tile 2

- ◆ If you are using the Hero Attribute cards perform a **Spirit Test, TN: 8** to return the Stone of Life. The hero may not manipulate this test through adding a **Fatigue** card.

Rewards

- ◆ Life-Bringer (Title) for all heroes. Note that heroes can only have a single active tile at any one time.
- ◆ Reduce the Darkness Influence by 2.
- ◆ Heroes travel back to Wheathall village.

QUESTS

The following section contains quests. In Lands of Myth, quests are similar to a single act in a module. Quests provide full setup instructions, including which tiles to use, which monsters to encounter, any special rules, etc. Quests can be used in place of quest cards, and are intended for players that want more guidance (and potentially a more cohesive story) for their adventure. Note that the Lands of Myth is meant to be a flexible story system; feel free to use quest cards in place of predefined quests. Myth is a free form system that doesn't strictly adhere to the rulebook; Lands of Myth was defined with a similar philosophy.

FREE FORM ADVENTURING

Instead of playing the suggested quests you may play free form adventures. The players are responsible for making meaningful decisions and if needed modifications to quest rewards etc.

Recommendations

- ◆ Either do not encounter merchants outside of the village or draw them from the Wheathall merchant deck.
- ◆ After 2-3 tiles played reduce the Darkness Influence by 1.
- ◆ Draw only from the prepared treasure decks and do not gain green or higher items.

STOLEN TREASURE

I was meant to meet you, here at the bottom of this pit my life has become. You have come to help! Reclaim my treasure the Grubbers have stolen. Please, get it back for me.
